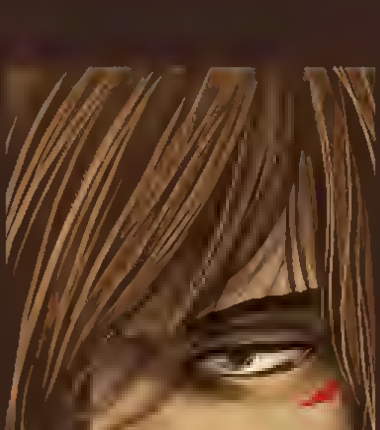
EPISODE 10 - THE PLAN (02)

I find it hard to believe that a merchant who only ever thinks of his bottom line would help me out...
You don't look like the type who'd come to the aid of someone you just met.
What's your angle?

YOU'RE SO CRUEL!
I WENT THROUGH
A LOT TO BRING
YOU GUYS HERE...



Ah...

I'm sorry.

It saddens me that you think so little of merchants, but it's true that I had an ulterior motive.
Of course, I don't think you'd get captured in a place like this.

But to make it out unscathed while they come at you with everything they've got, won't be a cakewalk.
It's the price you pay for travelling with kids

Get to
the point.

Mmm.

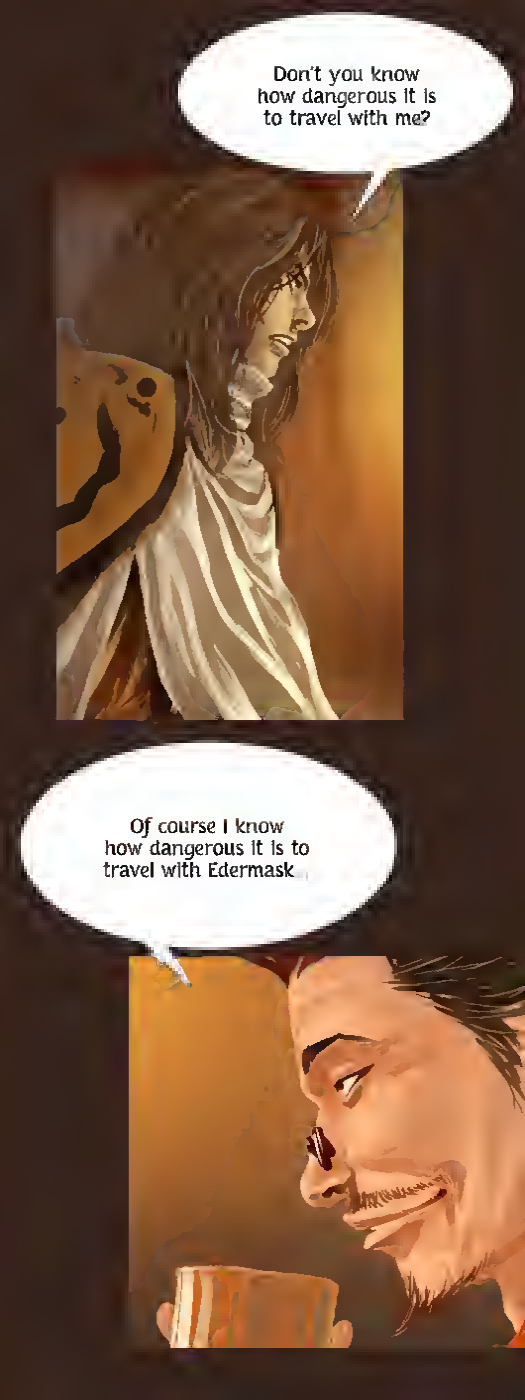
I want you to escort me safely to Gludmund

Huh?
Gudmund?

Surprising, I know.
Gludmund is a holy ground, not a place where business is exactly blooming.
Still, this is very important to me. I have something I must take to Gludmund.

If you get me to Gludmund safely...

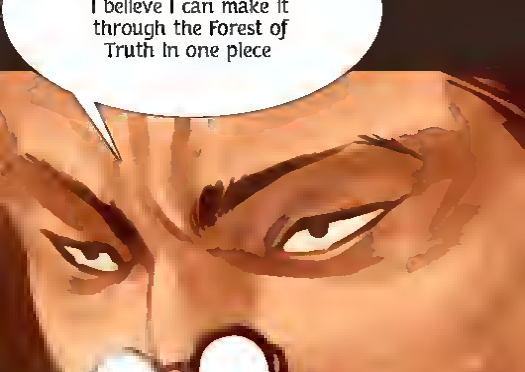
.....
Gludmund... is in the same direction as I'm headed. but...



Don't you know how dangerous it is to travel with me?
Of course I know how dangerous it is to travel with Edermask

But to get to Gludmund, I'd have to go through the Forest of Truth. It'd be almost impossible to go around it.

If I'm with you though, I believe I can make it through the Forest of Truth in one piece.



Whatever the danger that follows you, you've managed to avoid it for 300 hundred years. You're undoubtably the best of the best.

Eh?

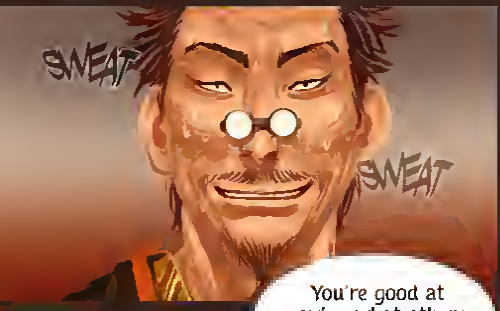
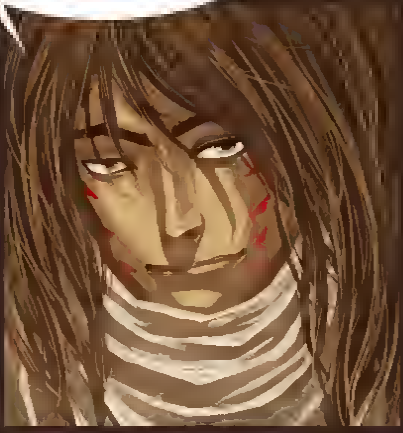
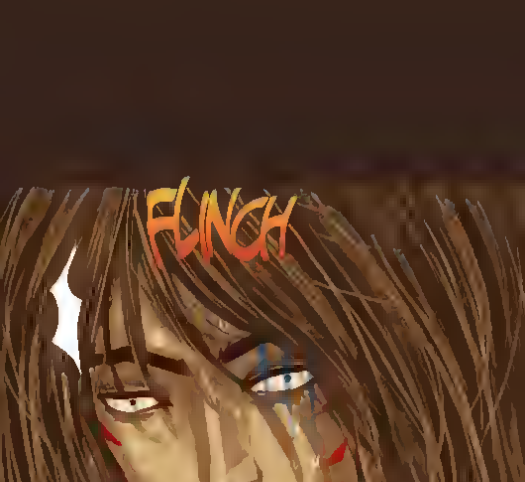
Now, you're acting like a true merchant



You're good at saying what others want to hear

Not bad. Alright, tell me your plan to get us out of here





FLINCH

I've been waiting for you to say the word.
I have a plan that I've had in mind for a while now.

First, let's take this some place else.

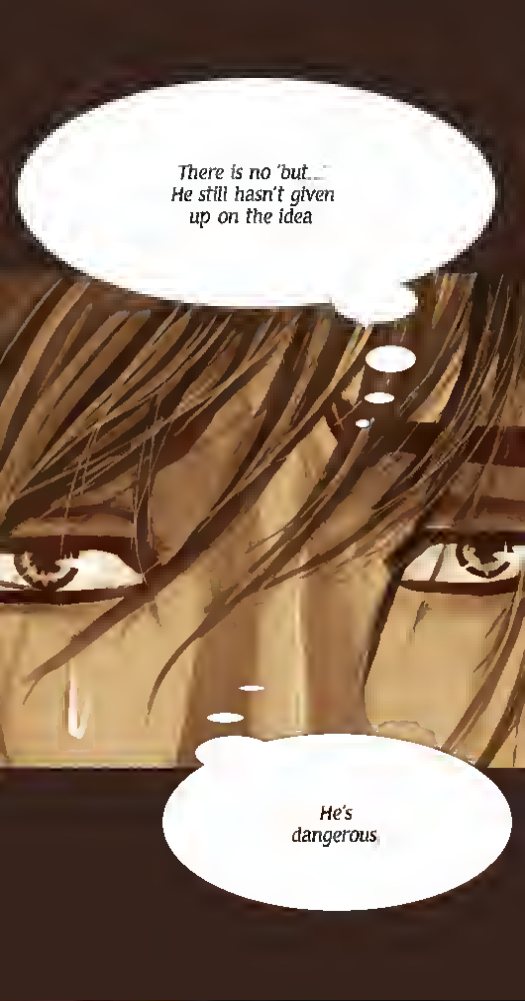
Ehem?

We'll disguise the kids to get them outside the castle walls
And join up again at Karin Bar in Apon.
Join up again? What will to do Edermask-nim?
Are you really not going to disguise yourself?

There aren't that many people as tall as I am, you know...!
Even if I did disguise myself, we'd attract too much attention
B-But...



There is no 'but...'
He still hasn't given up on the idea
He's dangerous

After I'm sure you guys have made it out of the castle safely...
I'll try to make it through the gate myself at night, when their guard is down
I'll lead the guards north, then head to Apon after I lose them. It should take about two days

So we get out of the castle first, then meet up with you at Karin Bar two days later?
Hmm...
Let's get ready to leave tomorrow.

No fair!
It'll just draw unnecessary attention.
You weren't even involved in the fight, so who cares if you disguise yourself or not?

We'll be going first

At this rate, it won't be long before the rumor spreads around the whole country!

There was a war waging
since before I was born.

Clueless kids were slaughtered without
knowing why, and even adults died
with little resistance.

Our world changed in a matter of days.
Nobody told us anything, but starting that
day, we belonged to Teodore.

Where are you from?
Hmm?

Duwei was a prisoner of war
from the Battle at Ninbun.

Fortunately, the unit that was
holding him captive was defeated
and he was able to escape.

His family was dead and he
had no friends.

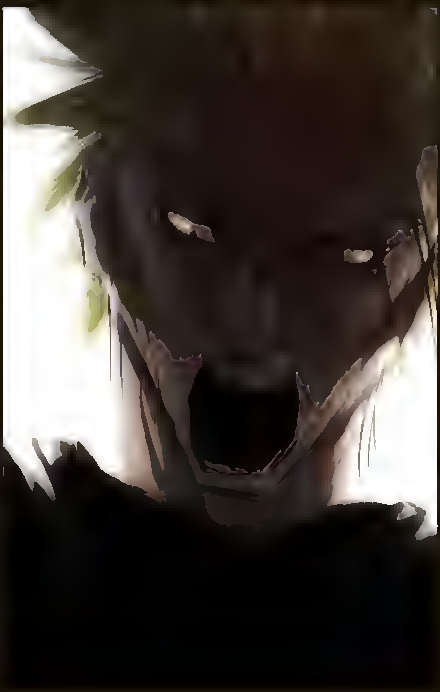
War was everywhere,
and it was the only place
we belonged.



The war had taken everything
away from us, but ironically,
it's what kept us alive.

Money and Duwei
were the only two things
I could trust.

Except with Duwei,
I didn't waste my breath.

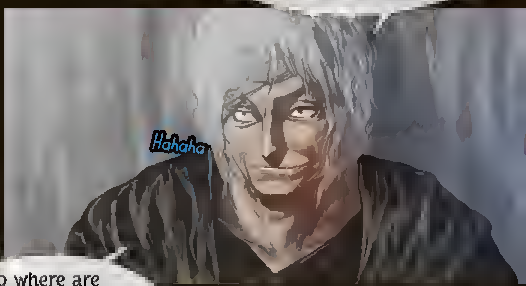
That's a shame it would be a big help to us if mercenaries like you would join our regular army With your power, you could even become knights

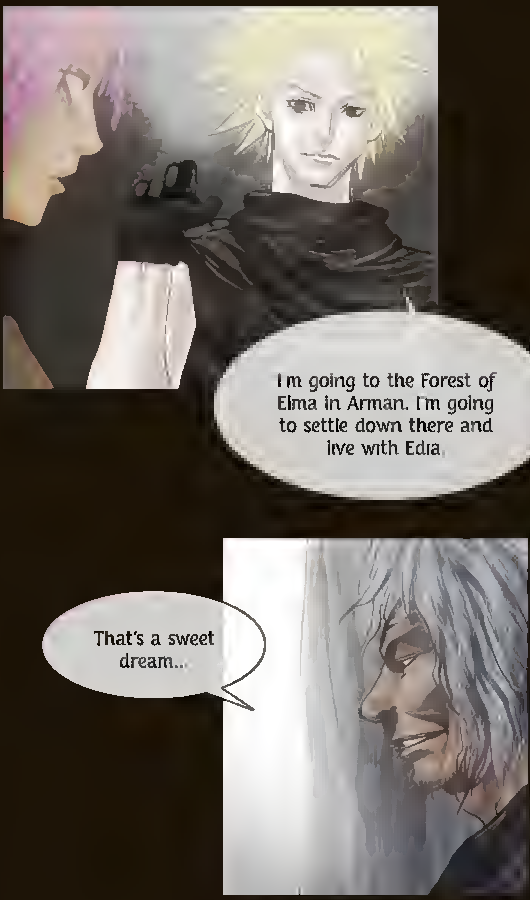
SFX: rummage rummage

It's not in my blood to stay in one place. And I hate wars

Is that so? I never expected someone as good as you to feel that way

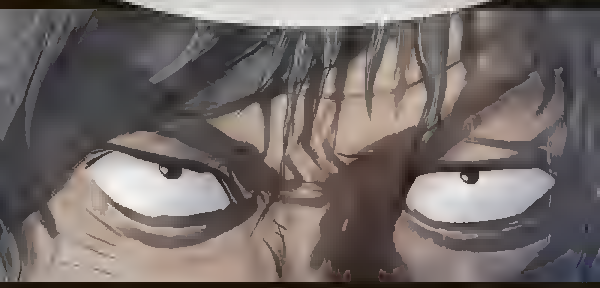


So where are you headed now?



I'm going to the Forest of Elma in Arman. I'm going to settle down there and live with Edia.
That's a sweet dream...

But, you'll have to cross the Wall between Continents. I'm sure you've heard of it?

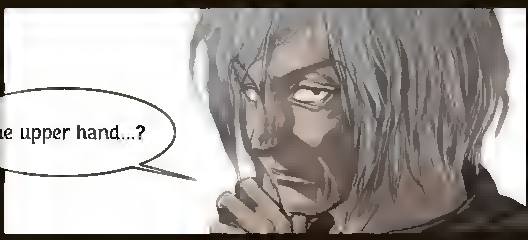


A reaper guards the place. A real reaper with a reaper's eye... He won't let anyone pass.

I know about the reaper, but I've heard that Nordon's old elite force is getting ready to force their way through with the help of Arman.

We'll join Nordon as mercenaries, help them defeat the reaper and head to the Forest of Elma.

I've heard that the Norden Army has the upper hand.
They'll start their final battle soon.
That will be our last war. I'll write to you once we're in Elma.



The upper hand...?

I wish you luck...

Rhea is a stress Reliver. She has weights on her arms which reduce her speed but add quite a bit more strength to her punches... the chains can be removed depending on the circumstance. (Her name is from the Greek Mythology. Rhea is a Titaness, a daughter of Uranus and Gaia, name as the mother of the gods Rhea and Cronus as the immortal King and Queen of the Gods. This time was called the Golden Age)
